

## HERE IT COMES

V:CH:V:CH:CH

V: Here it comes, like the making of a rainbow,  
There're dark clouds all around but the sun comes shining through,  
Here it comes, there's a stillness and a silence,  
A calm before the storm which is coming soon.

CH: This is the last time together,  
This is the last song we'll sing.  
And although we know it's time to go our sep'rate ways  
In our mem'ries we'll be one.
