

# A Rainbow of Harvest

Our garden is colourful, as bright as can be,  
With flowers and veg'tables and leaves that are green,  
But what we are most proud about,  
The thing we shout loud about,  
Are the colours of our Harvest,  
Like a Summer Night's Dream.

Red and orange, purple and blue,  
Pink and green and bright yellow too,  
Like a rainbow of Harvest for you.

With cabbage and cucumber and carrots and peas,  
And apples and apricots and plums from the trees,  
We are lucky to have this food,  
Give thanks that it does us good,  
To those more unfortunate  
We offer up these.

Red and orange, purple and blue,  
Pink and green and bright yellow too,  
Like a rainbow of Harvest for you.
